EMPLOYEE SUCCESS STORIES

COLTON MOISAN FIELD COORDINATOR

In December of 2018, at the age of 18 years old, Colton Moisan started working for KDM Constructors as a Labourer.

3 years later in April of 2022, Colton was promoted to Lead Hand Labourer. The success of our employees is contributed

to the acknowledgement of the hard work and dedication that each employee puts forth to the overall project.

The now 22 year old, from Saskatoon, SK., has shown so much potential over the last 4 year, that this month he was promoted to Field Coordinator. Colton likes working at KDM because of “the environment, the people he works with, and respect that is shown and given to everyone.”

Congratulations to Colton on your Promotion!
